

# 3,000 MILES

*Stephanie King LaMotte*

## Verse 1:

Start anew, take the first step out  
Walk away, leave the pain and doubt  
    Eyes straight ahead  
    Knowing you're led  
        to a life without fear  
A journey to be free from tears

## Verse 2:

Stepping out, wondering what I'd find  
Feeling strong, knowing it was time  
    Finding my stride  
    Doors swinging wide  
        hoping dreams can come true  
My wish upon a star was you!

## Chorus:

**3,000 miles — to leave the past so far behind**  
**3,000 tears — to send me on my way**  
    **The stars revealed the path to you,**  
    **My wish, my dream come true**  
**I'll love you — 3,000 years**

## Verse 3:

From the first, I saw you and knew  
Just a glance to know it was you  
    Smiling at me  
    Easy to see  
        that our hearts were in tune  
Your gift to me, the stars and moon!

Chorus:

**3,000 miles — to leave the past so far behind**  
**3,000 tears — to send me on my way**  
    **The stars revealed the path to you,**  
    **My wish, my dream come true**  
**I'll love you — 3,000...**

Bridge:

Like your first breath of air  
Let your wings guide you there  
Soar and soak up the sun

Beaches and butterflies  
Fireworks and sunset skies  
Joy at finding the one!

It was YOU, your touch that soothed my soul  
And YOU, your laugh that made me whole  
The past erased by "I Love You!"

Chorus:

**3,000 miles — to leave the past so far behind**  
**3,000 tears — to send me on my way**  
    **The stars revealed the path to you,**  
    **My wish, my dream come true**  
**I'll love you — 3,000 years**
